David Hare ~ Manager of Residence

Once again, I offer my congratulations to those who have spent so much of their time and energy in the creation of this year's YEARBOOK! An original approach has been used in the production and I am sure that you will find that 2001-02 has been captured and similarly reflected on these pages.

Over the last eight months "Residence" has become more than a place to live for the one thousand plus students living in our six building complexes. Your experiences from check in and orientation through to final exams and check out have been captured and frozen on these pages. These cherished moments will provide you with a continued source of entertainment for years to come.

All the best in the future and may this year in Residence be looked back upon with fondness as you proceed in life.

Good luck to all of you in your exams and my congratulations to those who are graduating.

Wishing you a safe and happy summer!

David Hare

Shannon Foster ~ Residence Life Coordinator

Well, another year has come and gone-Where did the time go?
It seems like it was a short time ago that you each arrived here at Lakehead. I sincerely hope each of you has been successful and accomplished the goals you set out for yourselves in September.
Over one thousand students came together from virtually all over the world, with a diversity of backgrounds and experiences to call Lakehead University Residence home for the past eight months. I firmly believe that living in residence has enhanced each of your educational experiences. You have been exposed to unique living and learning opportunities, and most importantly have forged long-lasting friendships and relationships. For those who will be moving on after this year, the best of luck in a long and happy future. To those who will be around next year, I look forward to seeing you again soon.

Keep in touch,

Shannon Foster

BILLI JO COX
RESIDENCE PROGRAMMER

I look back at this past year, and I smile ☺ I hope each and every one of you have the same great fondness and memories that I do.

I hope living in Residence has enriched your life on many levels as it has mine. I have met the most amazing people here, while learning a great deal about myself. It's been an amazing stay!

I would like to thank everyone who has given a hand in helping out with many activities that occur here daily and helped to make this year a stellar year. Many of you have spent countless hours, painting banners, hosting tournaments, counting pennies, decorating lounges and most of all getting involved within your Thunder Bay community. Your enthusiasm is awesome and very much contagious!!

I would also like to thank the Resident Assistants and Shannon Foster. I truly felt like part of a team this year...you folks are great! Your support you have given me and this Residence is amazing! Thank you.

I owe a very special thank you to the House Presidents. You have all dedicated so much time to making this place wonderful. From the very bottom of my heart I thank you. It takes a special person to be a House President, and you have all fulfilled that special role and more! Your attitude towards teamwork and the events we host is admirable. I value your friendships and I will treasure our memories forever. Thank you for being a big part of my life!

I encourage all of you to hold on to your memories that you have had here, and to continue to build upon them.

Good Luck in whatever your future holds! If you are still in school stop by the LUSU office next year!

Cheers,

Billi Jo Cox

WOW, I can't believe the year is almost over. I have really enjoyed working as the Yearbook Editor over the last 8 months.

To those of you, who are finishing off your first year here at LU, I hope you have had a lot of fun and excitement. It is the completion of your first year of University. I hope you are all walking away with many great memories, of party's, friends, and YES, even classes. And to those of you who are finishing off another year here a great LU, may this year be as fun as the past.

I would like to thank all the Yearbook reps for the hard work they put into this year's Yearbook. We have gone with a little different approach, and I hope it represents your year here, as best as anything can. I would also like to give a special thanks to Billi Jo, for giving me the opportunity to try something new with this year's Yearbook.

I wish everyone a great summer break and will see some of you in the fall. Keep smiling and remember to look back on these last 8 months and laugh.

Hey Everyone !

This year was an awesome year. I had so much fun organizing Res. Sports and I hope that everyone had just as much fun playing them. I would love to take this opportunity to thank all of you that came out and participated. I would also like to thank my sports reps who did an amazing job. I could never have pulled this year off without each and everyone of you. You guys rock the party !!!! I hope everyone of you had a great year and I wish you the best in your next years and future endeavors. I will leave you all with one of my favorite quotes that seems to fit this year and its events.

Life is about the accumulation of emotions and experiences, and dealing with the confusion while being fair to others. It was amazing to see how we all developed, reacted and adjusted when confronted with new experiences. As we continue to grow, the years will pass and some of us may grow apart. When that moment arises, there will be no good-byes -- just good memories...and good luck!

Thank you Fort Frances

Well folks, here it is....the end of the year....
Gone faster than we even noticed, and where has it all gone? Well, it's gone from moving in, to orientation week, to friends, pulling all nighters to write a paper, procrastination, lauging, crying, eating at the café, sports, lots of drinking and nights out at the bar, new experiences, puking, midnight or more like 3 am runs for fast food, trips, shopping, phone calls home, pranks, classes, movies, sleeping in/through classes, soon packing up and leaving and so much more in-between.
Right now, I hope that you can all say that you had the best time that you could and got as much as you could from this year. Hopefully you have each benefitted from this year as much as I have gained from all of you. You have each made a mark in my life and I hope that I have left each of you with memories of an amazing year that will last the rest of your lives. Have a great summer and hope to see you all next year or crossing paths in the future if you are not returning.

As natural as the change of seasons, we came. Uncertainty melted away as we laughed. Sweet harmony tuned our hearts when we sang. As inhibitions vanished while we danced. Revealing truths, expressing love, we drank. And with head on shoulders, we listened. For new understanding of fears when we cried. But looking back, it is apparent, we grew.

It all began when Dianne Drost came to a near death experience...with her shelf. It was love at first sight as Luke Bowley stood by her side through recovery. One thing led to another and they decided to get married. Wedding vows were exchanged in the Rainy River Chapel (aka. the lounge) on September 30th 2001. Their reception was held in Dan's Diner.
